

Innovation in education through online assessment platform  
to reach new avenues of teaching and learning

*The Mission of TEST'N'SCORE™ is to Provide the ideal online Assessment and Analysis platform to Accelerate your performance.*

TEST'N'SCORE™ is an online assessment and analysis solution which gives exposure of advanced technological platform to educational institutes.

It motivates students to excel through introspection of their areas of improvement by gap analysis provided by the solution's analytics.

With TEST'N'SCORE™ powered assessment, an educational institution can organize internal online assessments in a sequence and content customized for them.

Teachers can use TEST'N'SCORE™ powered analytics to detect gaps in knowledge and differentiate instructions for individual student.

Teachers can use analytics within TEST'N'SCORE™ learning products to monitor performance and reduce administrative work, giving them more time to do what they do best — teach and inspire students.

"In learning you will teach, and in teaching you will learn."

- Phil Collins

"I think the teaching profession contributes more to the future of our society than any other single profession.

- John Wooden

Innovative question formats designed to enhance students' virtual understanding of subjects. The Question Bank is scientifically designed and conceptualized.

TEST'N'SCORE™ assessment tests can be accessed on various touch points like TAB, Laptop, Desktop and Smart Phones.
